

Sorbent Products

The reference for adsorbent products

How meltblown polypropylene sorbents can help you to reduce costs...

Granular continues to be a commonly used material for the clean up of oil and chemicals in the industrial environment. In fact, 75% of the (industrial) companies are still using granular to clean up spills and leaks because they don't have/know an alternative, or because they believe that granular is the cheapest solution.

At first glance, this may be true but the cost comparison below will show that meltblown polypropylene sorbents are a less costly alternative... even though the initial purchase price may be higher.

The cost for cleaning up a spill of 200 litres of oil.		
	Granular	Sorbent Pads
Material (kg)	200 kg (1 kg of granular absorbs 1 litre of oil)	10 kg (1 kg of pads adsorbs 20 litres of oil)
Price per kg (€/kg)	1 €/kg	15 €/kg
Total waste (kg)	400 kg (200 ltr oil + 200 kg granular)	210 kg (200 ltr oil + 10 kg pads)
Disposal cost per kg (€/kg)	0.5 €/kg	0.5 €/kg
TOTAL COST	400 € (200 € + 200 €)	255 € (150 € + 105 €)

* This is a basic analysis using estimations and averages.

When ab(d)sorbency and cost of disposal are taken into account, meltblown polypropylene pads show a significant **cost saving**... in this case up to **36.3 %**, with labour costs not even included.

SPC products are sold on the condition that the purchaser will test them in actual use and determine for himself/herself their suitability to his/her intended purpose. Under no circumstances will Brady be liable for losses, damage, costs or subsequent damage of whatever nature which may arise in connection with the use of, or inability to use SPC products. Brady/SPC reserves the right to alter or amend designs and specifications described in this catalogue without prior notice. Images and photographs are for illustrative purposes only. The actual product may differ from the product shown in this catalogue. In the course of 2010 the following products will be printed with the SPC logo : OP/SXT pads & rolls, MRO/UXT pads & rolls, UN pads & rolls, HT rolls and SPC booms.

• **Reduce Costs** • **Increase Productivity** • **Improve Safety**

More and more industries are using Meltblown Polypropylene (MBPP) sorbents for the control and clean up of oils, industrial liquids and chemicals in their workplace. See for yourself why MBPP sorbents are the product of choice!

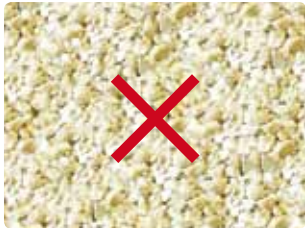

GRANULES

MBPP SORBENTS

1.

• **LOW ABSORPTION**
1 or 2 times its weight

• **ADSORBS 10 - 25 times ITS WEIGHT** so you use less material... saves money for the overall lowest cost of ownership.

2.

• **SLOW ABSORPTION**
hours vs. seconds

• **ADSORBS QUICKLY...** seconds vs. hours so spills are cleaned up quickly.

3.

• **MESSY & more difficult to use.**

• **SIMPLE** – use like a giant paper towel!

4.

• **HIGH DISPOSAL COSTS**
due to volume needed.

• Less product used = **LOWER DISPOSAL COSTS.**
Also, environmentally responsible as it incinerates to .02% ash.

-36%

GRANULES

5.

- **DIFFICULT** & labour intensive to clean up.

6.

- Small particles can enter & **DAMAGE MACHINERY** or your finished product. This is why more and more industries are banning the use of granules in their facilities.

7.

- **LIMITED CHEMICAL RESISTANCE.**

8.

- **POTENTIAL HEALTH HAZARDS.** (i.e. if silica based)

MBPP SORBENTS

- **EASY** pick-up and disposal, saving time and money.

- **MACHINE FRIENDLY.**

No risk of loose fibers getting into machines or damaging your finished product.

- **WIDE CHEMICAL RESISTANCE.** MBPP will not react with aggressive chemicals for greater safety.

- **SAFE** – no potential health risk of inhaled dust particles.

As a user of sorbents, you know where at least 75% of your leaks, drips and spills may occur. By using MBPP sorbents, you can easily place sorbents under these risk zones - something that is definitely too messy to do with granules.

THINK SMART ... WORK SMART

INDOORS

OIL BASED LIQUIDS ONLY

Do you need a barrier to prevent liquids from getting into the ground?

yes

Do you prefer a low-lint product?

no

OIL AND/OR OTHER LIQUIDS AND CHEMICALS
- solvents
- acids
- etc

Do you need a barrier to prevent liquids from getting into the ground?

yes

Do you prefer a low-lint product?

no

A full range of socs, pillows, spill kits and booms are also available
pages 17,18,19,28,29,30,36,37- 44

OUTDOORS

OIL BASED LIQUIDS ONLY

Do you need a barrier to prevent liquids from getting into the ground?

yes

Do you prefer a low-lint product?

no

OIL AND/OR OTHER LIQUIDS AND CHEMICALS
- solvents
- acids

General use/maintenance requiring low-lint:	UXT	pages 23, 26
Laboratories/dangerous chemical clean-up:	UN	pages 35, 36

Universal sorbents are not recommended for outdoor applications as they adsorb water - use for emergency spills only.

SXT... Extra-tough oil only pads.

The ideal sorbent when durability or abrasion-resistance is required.

- Adsorbs oil & petroleum based liquids.
- Durable coverstock provides extra strength and lasts longer.
- Low-linting - makes SXT ideal as a “wipe down” sorbent by eliminating loose fibres.
- Soft & pliable sorbent makes it easy to use.
- Perforated pads - use only what you need for smaller spills in order to minimize waste.

For use on a workbench...

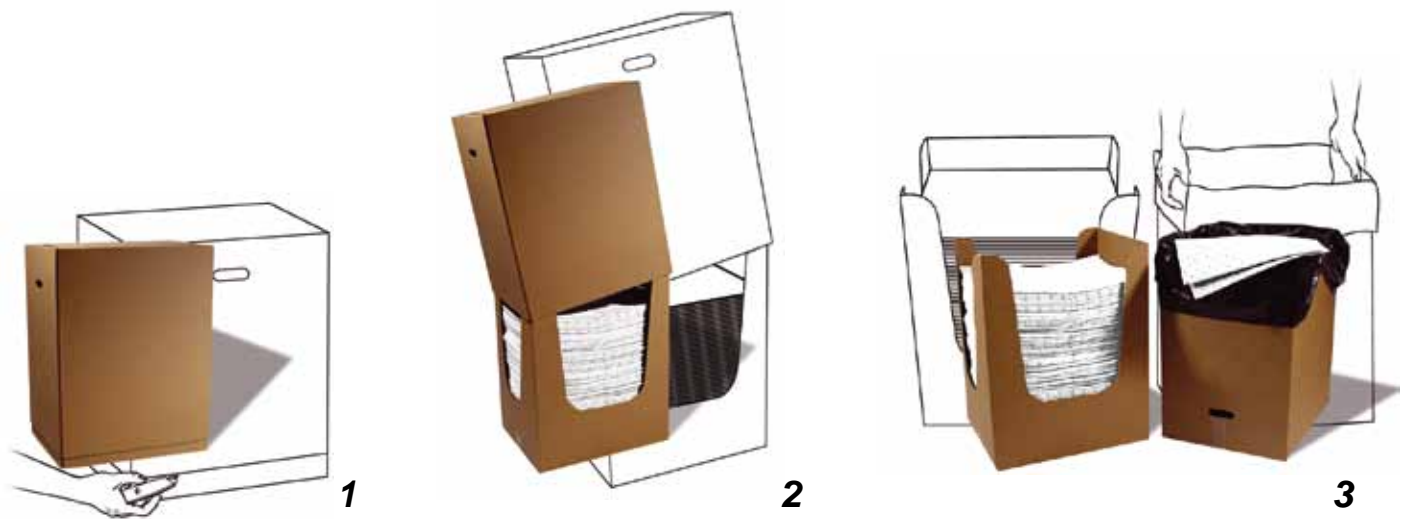

...or an ideal “wipe-down” sorbent! Soft but durable outer cover makes it ideal for wiping down tools or machine parts.

Order Ref.	Description	Packaging	Adsorption Capacity
SXT300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	84 litres
SXT200-E	PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	136 litres

OIL PLUS... Our most popular oil only pads.
Perfect for general everyday use and emergency spill clean up.

- Adsorbs oil & petroleum based liquids.
- Ideal sorbent for dealing with leaks and drips in the workplace.
- Perforated to help you minimize waste and lower your disposal costs.
- One sided spunbond gives extra strength as well as lower lint.
- Available with SPC's unique "Dispense & Dispose" system for added convenience and lower cost per pad!

Dispense & Dispose System:
 Dispenser box for easy access to the product
 & disposal bags and box to ensure proper disposal of waste.

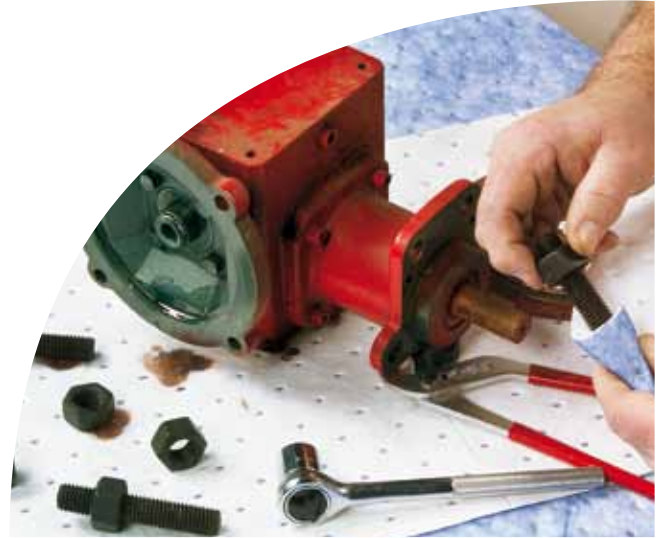

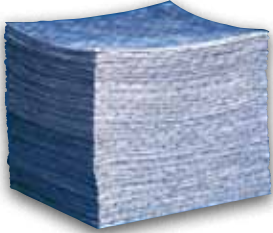

OP pads under oil cans & drums to catch small drips.

Order Ref.	Description	Packaging	Adsorption Capacity
OP100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	112 litres
OP150-DND-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded with Dispense & Dispose System	150 pads/dispenser box	168 litres

SPC BLUE... Oil only pads with added durability.

- Adsorbs oil & petroleum based liquids.
- One-sided blue coverstock for added strength and less lint.
- Can be used as a “wipe down” sorbent.
- Popular sorbent in the paper-industry where identification of foreign material in the production process is critical. SPC Blue is highly visible!

Order Ref.	Description	Packaging	Adsorption Capacity
SPC105-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/bale	121 litres

SPC... Our standard oil only pads for industrial or marine use.

- Adsorbs oil & petroleum based liquids.
- SPC pads are now up to 25% stronger! In addition, they now have a smoother, better looking finish with less lint...and improved durability!
- Packed in boxes for easy handling and storage.
- Convenient and cost effective pads for clean up of oil on land or water.
- Choice of 3 options: Heavyweight for high adsorbency, medium and lightweight for less demanding applications.

Order Ref.	Description	Packaging	Adsorption Capacity
SPC100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	114 litres
SPC200-E	PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	166 litres
SPC300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	102 litres
SPC200-3-E	PADS, 30 cm x 30 cm Light weight, bonded	200 pads/bale	71 litres
SPC50-E	PADS, 84 cm x 100 cm Heavy weight, bonded	50 pads/bale	230 litres

**ENV... Oil only pads made with SPC's MAXX technology !
Superior adsorbency, greater strength plus less weight means lower disposal costs!**

- MAXX pads adsorb up to 24 times their weight in oil - the most adsorbent pad per kilogram on the market!
- With MAXX technology less material is needed to pick up the same amount of oil, which results in lower disposal costs!

- MAXX pads are also up to 25% stronger! The superior finish on MAXX pads results in less lint and more abrasion resistance!
- Packed in boxes for easy handling and storage.
- Ideal for environmental/industrial applications where low cost and high adsorbency are required.

Order Ref.	Description	Packaging	Adsorption Capacity
ENV100-M	MAXX PADS, 41 cm x 51 cm Heavy weight	100 pads/box	136 litres
ENV200-M	MAXX PADS, 41 cm x 51 cm Light weight	200 pads/box	221 litres
ENV300-M	MAXX PADS, 41 cm x 51 cm Medium weight	100 pads/box	111 litres
ENV400-M	MAXX PADS, 41 cm x 51 cm Light weight	100 pads/box	110 litres

OIL ONLY PADS

SR... Static resistant oil only pads designed for areas where static electricity is a concern.

- Adsorbs oil & petroleum based liquids.
- For areas where static build-up is an issue - SR pads reduce the safety risk.

Order Ref.	Description	Packaging	Adsorption Capacity
SR3625	PADS, 76 cm x 76 cm Heavy weight	25 pads/bale	61 litres
SR1850	PADS, 38 cm x 48 cm Light weight	50 pads/bale	30 litres

TRACKMAT... Oil only rolls for high traffic areas that require high adsorption and outstanding durability.

- Adsorbs oil & petroleum based liquids.
- Heavy duty top layer for maximum strength and durability, is ideal for heavy traffic.
- Non-slip backing keeps the mat in place.
- Barrier film limits liquids from penetrating to the floor.
- Grey colour masks drips and spills for longer use.
- UV resistant top layer makes it ideal for use indoors and outdoors.

Great for use outdoors thanks to UV resistant top layer.

Ideal underneath leaking transformers.

Trackmat eliminates unsightly stains.

Order Ref.	Description	Packaging	Adsorption Capacity
TM58	MAT, 147 cm x 24.4 m Heavy weight, bonded & barrier backing	1 roll/bale	207 litres
TM19	MAT, 48 cm x 24.4 m Heavy weight, bonded & barrier backing	2 rolls/bale	135 litres
TM29	MAT, 74 cm x 24.4 m Heavy weight, bonded & barrier backing	1 roll/bale	104 litres
TM30	PADS, 74 cm x 74 cm Heavy weight, bonded & barrier backing	30 pads/bale	95 litres

SXT... Extra tough oil only rolls.

Designed for applications that require a durable, non-linting and abrasion resistant sorbent!

- Adsorbs oil and petroleum based liquids.
- 3-ply construction adds strength and durability.
- Spunbond outer layers make the product stronger for longer use and improved abrasion resistance.
- Ideal for use in areas with moderate foot traffic.
- Perforated for ease of use and less waste.

Keeps machine surroundings dry and safe!

Order Ref.	Description	Packaging	Adsorption Capacity
SXT315-P-E	ROLL, 38 cm x 46 m Medium weight, perforated & bonded	1 roll/dispenser box	70 litres
SXT330-DP-E	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	141 litres

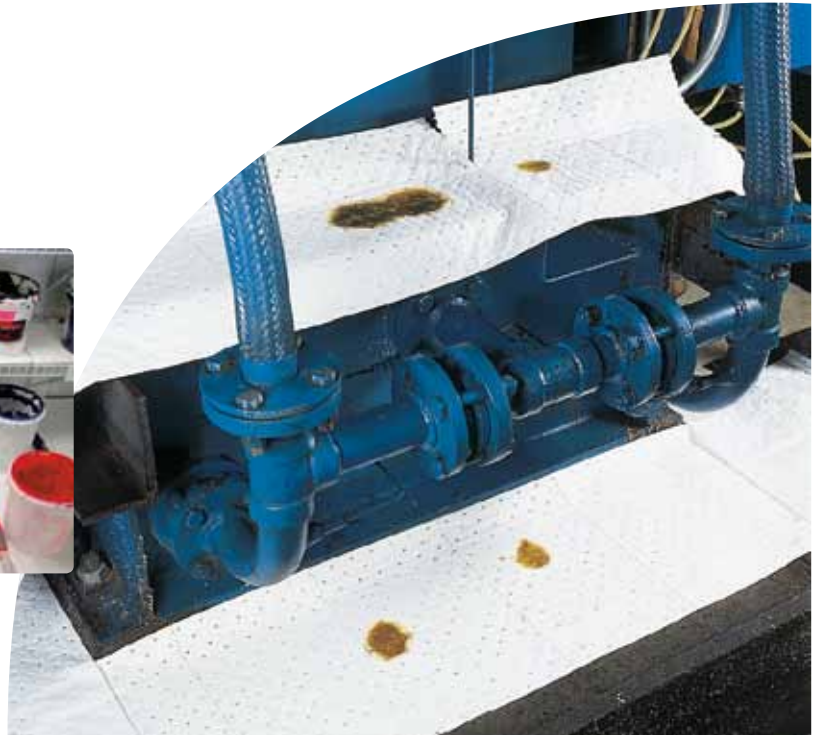

OIL PLUS... Our most popular oil only rolls for general industrial use!

- Adsorbs oil & petroleum based liquids.
- One sided spunbond gives extra strength as well as lower lint.
- A high quality oil only sorbent for applications where a combination of good adsorption and added strength is required.
- Ideal solution for catching overspray that comes from machinery.
- Available with perforations for ease of use and to minimize waste.
- Wide selection of sizes available.

Use in storage areas...

...or use around or under machines to catch leaks and drips.

Order Ref.	Description	Packaging	Adsorption Capacity
OP15-E	ROLL, 38 cm x 46 m Heavy weight & bonded	1 roll/dispenser box	94 litres
OP15-P-E	ROLL, 38 cm x 46 m Heavy weight, perforated & bonded	1 roll/dispenser box	94 litres
OP15-DP-E	ROLL, 38 cm x 46 m Heavy weight, double perforated & bonded	1 roll/dispenser box	94 litres
OP15-DPS-E	ROLL, 38 cm x 22 m Heavy weight, double perforated & bonded	1 roll/dispenser box	45 litres
OP30-E	ROLL, 76 cm x 46 m Heavy weight & bonded	1 roll/box	187 litres
OP30-P-E	ROLL, 76 cm x 46 m Heavy weight, perforated & bonded	1 roll/box	187 litres
OP30-DP-E	ROLL, 76 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	187 litres

SPC BLUE... Oil only rolls with added durability.

- Adsorbs oil & petroleum based liquids.
- One-sided blue coverstock for added strength and less lint.
- Ideal sorbent for use in the paper industry where the blue colour is desired to differentiate cellulose from polypropylene.

Order Ref.	Description	Packaging	Adsorption Capacity
SPC155	ROLL, 96 cm x 44 m Heavy weight & bonded	1 roll/bale	244 litres
SPC155-2P	ROLL, 48 cm x 44 m Heavy weight, perforated & bonded	2 rolls/bale	244 litres

SPC... Our standard oil only rolls for industrial or marine use.

- Adsorbs oil & petroleum based liquids.
- Stronger, more durable product with a superior finish for more abrasion resistance - looks better and performs better!
- Ideal rolls to cover a large surface area for fast clean up of spills, leaks and drips.

Order Ref.	Description	Packaging	Adsorption Capacity
SPC150	ROLL, 96 cm x 44 m Heavy weight & bonded	1 roll/bale	231 litres
SPC152	ROLL, 48 cm x 44 m Heavy weight & bonded	2 rolls/bale	231 litres

ENV... Our most basic oil only rolls. Ideal for marine applications.

- Adsorbs oil & petroleum based liquids.
- Stronger more durable product with a superior finish - looks better and performs better!

Order Ref.	Description	Packaging	Adsorption Capacity
ENV150-E	ROLL, 96 cm x 44 m Heavy weight	1 roll/bale	274 litres
ENV152-E	ROLL, 48 cm x 44 m Heavy weight	2 rolls/bale	274 litres

SR... Static resistant oil only rolls for areas where static electricity is a concern.

- Adsorbs oil & petroleum based liquids.
- For areas where static build-up is an issue - SR rolls reduce the safety risk.

Order Ref.	Description	Packaging	Adsorption Capacity
SR3600	ROLL, 76 cm x 46 m Heavy weight	1 roll/bale	167 litres

SPC Heavyweight Oil Sorbent Booms... A premium boom to adsorb and contain oil spills on water.

- Repel water while adsorbing oil and petroleum based liquids.
- Increased performance for SPC810-E & SPC816-E booms thanks to additional fill (higher adsorption capacity) and larger diameter (greater surface area).
- Float indefinitely even after saturation.
- Strong outer sleeve for durability.
- Inner rope provides strength when deploying & retrieving booms.
- Inner sleeve keeps the adsorbent material intact within the booms.
- 4 staple clips at critical stress area add strength and prevent booms from splitting during retrieval.
- Metal clips & rings allow for easy linking of booms.

Multiple booms form barrier to surround & control the spill.

Metal clips to link booms.

Four staple clips for durability.

Order Ref.	Description	Packaging	Adsorption Capacity
SPC810-E	BOOMS, Ø 20 cm x 3 m Heavy weight (21 kg/bale)	4 booms/bale	316 litres
SPC816-E	BOOMS, Ø 20 cm x 5 m Heavy weight (18.2 kg/bale)	2 booms/bale	228 litres
SPC510	BOOMS, Ø 13 cm x 3 m Standard weight	4 booms/bale	119 litres
SPC516	BOOMS, Ø 13 cm x 5 m Standard weight	2 booms/bale	98 litres

ENV Oil Sorbent Booms... The economical alternative.

Blue outer sleeve filled with a mixture of white and coloured oil only fill.

Order Ref.	Description	Packaging	Adsorption Capacity
ENV810	BOOMS, Ø 18 cm x 3 m Standard weight	4 booms/bale	259 litres
ENV510	BOOMS, Ø 13 cm x 3 m Standard weight	4 booms/bale	119 litres

SPC Bilge Booms... Keep your sumps, tanks, drains or bilges oil-free.

Attach a rope for easy deployment & retrieval.

- Adsorb oil & petroleum based liquids - but repel water.
- Float even after saturation.
- Strong outer sleeve for more durability.
- Linkable - attach a rope to the rings or loops for easy deployment into sump area.

SPC818-E SPC518 SPC10

Order Ref.	Description	Packaging	Adsorption Capacity
SPC818-E	BILGE BOOMS, Ø 20 cm x 45 cm, Heavy weight	10 bilge booms/bale	131 litres
SPC518	BILGE BOOMS, Ø 13 cm x 45 cm, Standard weight	10 bilge booms/box	46 litres
SPC10	PILLOWS, 36 cm x 64 cm, Heavy weight	10 pillows/bale	197 litres

Oil Only Socs... The ideal sorbent for adsorbing leaks and spills around machines.

- Adsorb oil & petroleum based liquids while repelling water.
- Various lengths - allowing the right size for your application.
- Strong wicking action: adsorption begins instantly after contact with the spilled liquid, no need to turn the soc.
- Flexible design allows the soc to fit around any machine, corner or curve.
- **FLEXISOC:** The ultimate soc for flexibility!
Cut the soc into the length you want and re-clip.

Problem:
Leaks and drips create a slippery work floor.

Solution:
SOCs quickly soak up leaks and drips for a clean and safe workplace.

Order Ref.	Description	Packaging	Adsorption Capacity
OIL430	SOCS, Ø 7.6 cm x 122 cm	30 socs/box	106 litres
OIL412	SOCS, Ø 7.6 cm x 122 cm	12 socs/box	43 litres
OIL806	SOCS, Ø 7.6 cm x 244 cm	6 socs/box	43 litres
OIL124	SOCS, Ø 7.6 cm x 366 cm	4 socs/box	43 litres
OIL561	FLEXISOC, Ø 7.6 cm x 17 m	1 soc & 30 clips/box	49 litres

Oil Only Pillows... Ideal for adsorbing spills and leaking fluids in tight spaces and under persistent drip sources.

- Adsorb oil & petroleum based liquids.
- 2 different sizes to fit any application and/or spill.

The ideal solution for small spaces or hard to reach areas.

Order Ref.	Description	Packaging	Adsorption Capacity
OIL1818	PILLOWS, 43 cm x 48 cm	16 pillows/box	105 litres
OIL1818-2	PILLOWS, 43 cm x 48 cm	8 pillows/box	53 litres
OIL99	PILLOWS, 25 cm x 25 cm	32 pillows/box	58 litres

Oil Only Drum Top Covers... Keep your drum tops neat & clean.

- Adsorb oil & petroleum based liquids.
- Create a clean and safe work floor by preventing pump drips from reaching the floor.
- Pre-cut holes for 205 litre drums.

Problem:

Puddles and dirty rags on top of the drum.

Pump drips leaking onto the floor... a slip hazard just waiting to happen.

Solution:

Drum top covers on top of the drum. No more messy pump drips or dirty rags.

Order Ref.	Description	Packaging	Adsorption Capacity
DT025	DRUM TOP COVERS, Ø 56 cm	25 covers/box	26 litres

SF Micro Fibres... Specially designed for filtering oil from water and moist air.

Cartridges for use in filter fences.

- High adsorbency: up to 15 times its own weight.
- Allows for filtration with minimal flow rate.
- No additional pressure needed to force the oily liquid through.

- Fibres can be used in any size or shaped container in which they are placed.
- Numerous applications such as pre-filters for compressors, paint filtration, water filtration, etc

Filtering of waste water before discharging into water discharge area.

Order Ref.	Description	Packaging	Adsorption Capacity
SF1	MICRO FIBRES, loose	50 kg/box	868 litres
PSF15	CARTRIDGES, Ø 13 cm x 1 m (Minimum order quantity 10 boxes)	15 cartridges/box	208 litres
PSF40	CARTRIDGES, Ø 13 cm x 1 m (Minimum order quantity 4 boxes)	40 cartridges/box	556 litres

SPC Sweep... **Designed to provide a sweeping action across the water's surface to remove oil.**

Nylon strap adds strength.

Ideal to drag behind a boat.

- Abrasion resistant blue spunbond coverstock for extra strength and durability.
- Full length nylon strap allows sweep to be tied off to a boom or dragged behind a boat.
- Reinforced strap also allows linking of multiple sweeps and simplifies retrieval of the sweep once saturated.

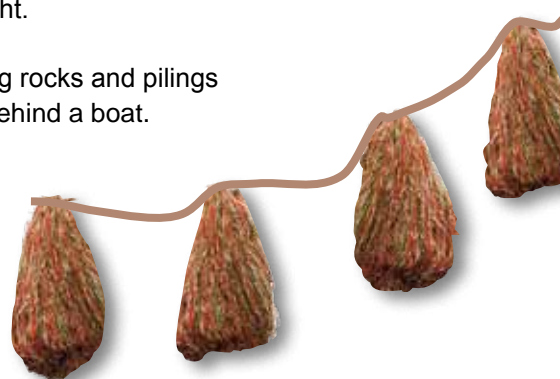

Order Ref.	Description	Packaging	Adsorption Capacity
SPC1900	SWEEP, 48 cm x 30.5 m	1 sweep/bale	94 litres

SPC Oil Nets & Drag Nets... **The ideal sorbent to remove heavy oils.**

Easily retrieved.

- Ideal for heavy oils like bunker C, crude oil & oils no. 4, 5 & 6.
- High adsorption: 20 to 60 times its own weight.
- Effective even in subfreezing conditions.
- Choose between Oil Nets, handy for cleaning rocks and pilings or Drag Nets to clean shore lines or to pull behind a boat.

Order Ref.	Description	Packaging	Adsorption Capacity
ONO30	Individual OIL NETS	30 nets/bale	182 litres
ODN08	OIL DRAG NET 30 oil nets attached to a 15 m rope	30 nets/bale	182 litres

Cansorb... **An all organic oil-only particulate for oil clean up on land or water.**

- Made from high quality sphagnum peat moss.
- Absorbs quickly thanks to its fast wicking action.
- Encapsulates oil on contact.

Order Ref.	Description	Packaging	Absorption Capacity
CS-CB18	PARTICULATE, compressed	10-12 kg/bag	68 litres

SPC Response Booms... **For the containment of oil spills on water.**

SPC Mini Boom... The ideal solution for oil spills in calm water areas.

- Portable and easy to deploy by 1 person.
- Lightweight - ideal for remote and difficult to reach areas.
- Requires minimum storage space.
- A great solution for fire brigades, first responders, water and road transport companies.
- Encapsulated chain provides stability.
- PVC coated material for greater durability.
- Quick and easy to assemble for a quick response to spills in small streams and canals.
- Optional PVC carry bag to protect the boom during storage and to facilitate transport.

Order Ref.	Description	Packaging
SPCMB-0525	MINI BOOM, overall height 25 cm (10 cm Float – 15 cm Skirt)	Section of 7.5 m
SPCMB-BAG	CARRY BAG for SPC Mini Boom (Can hold 1 Mini Boom)	

SPC Junior Boom... An abrasion and weather resistant containment boom for repeated use.

- Great for calm and protected waters with light currents.
- Aluminum ASTM connectors for linking multiple sections.
- Encapsulated chain provides extra strength and stability.
- Strap is used as a handle for carrying or adjusting the boom by hand.

- PVC coated material for greater durability.
- Requires a minimum of maintenance.
- Longer skirt and float for rougher waters.
- Popular boom in marinas and inland waterways.

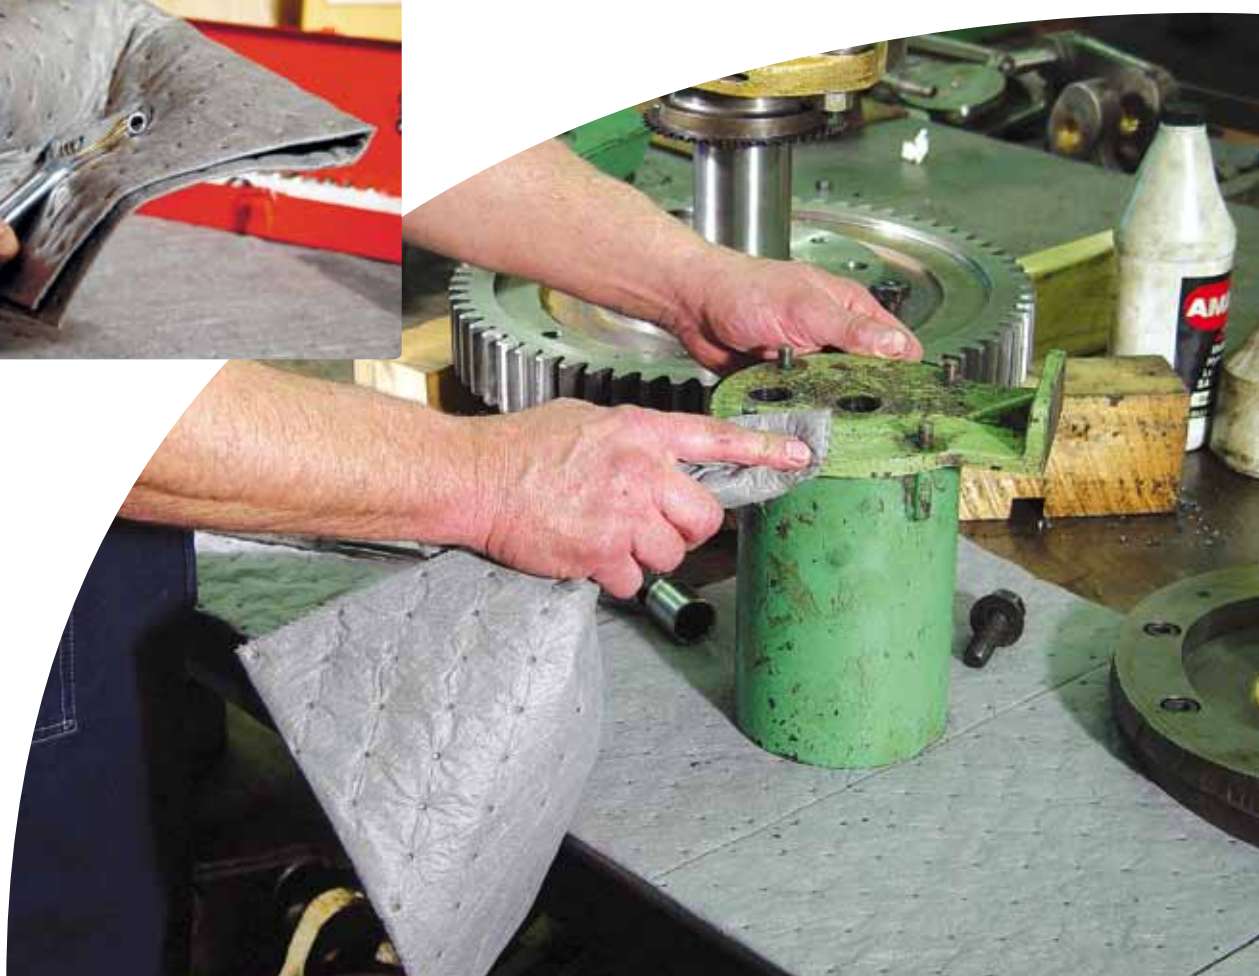

Order Ref.	Description	Packaging
SPCJR-1210	JUNIOR BOOM, overall height 45 cm (15 cm Float – 30 cm Skirt)	Section of 30 m
SPCJR-1205	JUNIOR BOOM, overall height 45 cm (15 cm Float – 30 cm Skirt)	Section of 15 m

UXT... Extra-tough maintenance pads.
The ideal sorbent for industrial applications that require durability or abrasion-resistance.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- Durable coverstock provides extra strength and fosters longer use.
- Low-linting: makes UXT ideal as a “wipe down” sorbent by eliminating loose fibres.
- Soft & pliable sorbent makes it user-friendly.
- Perforated pads - use only what you need in order to minimize waste.

An ideal sorbent for cleaning rough machine parts without leaving residue.

Order Ref.	Description	Packaging	Adsorption Capacity
UXT300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	95 litres
UXT200-E	PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	136 litres

MRO PLUS... Our most popular maintenance pads.
Perfect for general industrial maintenance or spill clean up.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- One sided spunbond gives extra strength as well as lower lint.
- Ideal sorbent for dealing with leaks and drips in the workplace.
- Perforated to help you minimize waste and lower your disposal costs.
- Available with SPC's unique "Dispense & Dispose" system for added convenience and lower cost per pad!

Dispense & Dispose system:
 Dispenser box for easy access to the product & disposal bags and box to ensure proper disposal of waste.

MRO pads under leaking seals & faucets. Ideal to catch small drips.

Order Ref.	Description	Packaging	Adsorption Capacity
MRO100-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded	100 pads/box	112 litres
MRO300-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	88 litres
MRO150-DND-E	PADS, 41 cm x 51 cm Heavy weight, perforated & bonded with Dispense & Dispose System	150 pads/dispenser box	168 litres

GP... Economical general purpose maintenance pads made with SPC's MAXX technology! A perfect combination of strength and adsorbency!

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- Highly adsorbent ...GP MAXX pads adsorb up to 18 times their weight !
- Thanks to the high adsorbency of our MAXX technology, less material is needed to adsorb more liquid and so you pay less for disposal!
- GP MAXX pads have a smooth surface finish with less lint than traditional single ply pads – looks better and performs better!
- Packed in boxes for easy handling and storage.
- Ideal for industrial applications where low cost and high adsorbency are required.

Use pro-actively to catch leaks and drips.

Order Ref.	Description	Packaging	Adsorption Capacity
GP100-M	MAXX PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	95 litres
GP200-M	MAXX PADS, 41 cm x 51 cm Light weight, perforated & bonded	200 pads/box	166 litres

SLIKWIK Wipes... Perfect for cleaning tools, machine parts or small drips.

- Chemical resistant for use with oil, water, solvents or even acids.
- Lower cost per wipe compared to reusable wipes. No extra laundering cost.
- One time use eliminates risk of contamination from previous users, metal chips, hazardous chemicals etc – a potential problem with recycled wipes.
- Adsorbent microstructure retains solvent based cleaners, reducing consumption of expensive cleaners when compared to cotton or paper wipes.

Order Ref.	Description	Packaging	Adsorption Capacity
SW1200	WIPES, 30 cm x 38 cm	10 packs of 50 folded wipes 500 wipes/box	38 litres

UXT... Extra tough maintenance rolls for applications that require a durable, non-linting and abrasion resistant sorbent!

- Adsorbs a variety of liquids including oils.
- 3-ply construction adds strength and durability.
- Spunbond outer layers make the product stronger for longer use and improved abrasion resistance.
- Non-linting coverstock eliminates loose fibres and makes the product stronger and abrasion resistant.
- Ideal for use in areas with moderate foot traffic.
- Perforated to permit the use of precisely the right amount of material to reduce waste.

Order Ref.	Description	Packaging	Adsorption Capacity
UXT315-P-E	ROLL, 38 cm x 46 m Medium weight, perforated & bonded	1 roll/dispenser box	70 litres
UXT330-DP-E	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	141 litres

MRO PLUS... Our most popular maintenance rolls for general industrial use!

- Adsorbs a variety of industrial liquids including oils, water, solvents and coolants.
- One sided spunbond gives extra strength as well as lower lint.
- A high quality maintenance sorbent for applications where a combination of adsorption and added strength is required.
- Available with perforations for ease of use and to minimize waste.
- Choose from a wide variety of sizes for your application including a handy dispenser box.

A good general use sorbent to fit around machines to adsorb overspray.

Order Ref.	Description	Packaging	Adsorption Capacity
MRO15-E	ROLL, 38 cm x 46 m Heavy weight & bonded	1 roll/dispenser box	94 litres
MRO15-P-E	ROLL, 38 cm x 46 m Heavy weight, perforated & bonded	1 roll/dispenser box	94 litres
MRO15-DP-E	ROLL, 38 cm x 46 m Heavy weight, double perforated & bonded	1 roll/dispenser box	94 litres
MRO15-DPS-E	ROLL, 38 cm x 22 m Heavy weight, double perforated & bonded	1 roll/dispenser box	45 litres
MRO315-P-E	ROLL, 38 cm x 46 m Medium weight, perforated & bonded	1 roll/dispenser box	73 litres
MRO30-E	ROLL, 76 cm x 46 m Heavy weight & bonded	1 roll/box	187 litres
MRO30-P-E	ROLL, 76 cm x 46 m Heavy weight, perforated & bonded	1 roll/box	187 litres
MRO30-DP-E	ROLL, 76 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	187 litres
MRO330-DP-E	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	147 litres

GP... Economical maintenance rolls for applications that require high adsorbency and low cost.

- Adsorbs a variety of industrial liquids including oils, water, solvents, coolants, etc.
- GP rolls have a superior finish with less lint for improved abrasion resistance compared to traditional single ply rolls.
- Ideal roll to cover a larger surface area for a fast clean up of leaks and spills where low cost and high adsorbency are required.

Order Ref.	Description	Packaging	Adsorption Capacity
GP150-E	ROLL, 96 cm x 44 m Medium weight, bonded	1 roll/bale	192 litres
GP152-E	ROLL, 48 cm x 44 m Medium weight, perforated & bonded	2 rolls/bale	192 litres

FLEXISOC... The ultimate soc for flexibility!

- Adsorbs a variety of industrial liquids.
- User-friendly: Cut the soc into the length you desire and re-clip.
- Cost savings: No need to stock multiple lengths - you can use one soc for all applications.

Order Ref.	Description	Packaging	Adsorption Capacity
AW561	FLEXISOC, Ø 7.6 cm x 17 m	1 soc & 30 clips/box	53 litres

Allwik Socs... For adsorbing leaks and spills around machines.

- Adsorb a variety of industrial liquids including aggressive chemicals.
- Different lengths in order to always have the right size for your application.
- Flexible design allows the soc to fit around any machine, corner or curve.
- Filled with universal meltblown polypropylene.

Great around machines - keeps the work floor clean and safe.

Order Ref.	Description	Packaging	Adsorption Capacity
AW430	SOCS, Ø 7.6 cm x 122 cm	30 socs/box	113 litres
AW412	SOCS, Ø 7.6 cm x 122 cm	12 socs/box	45 litres
AW806	SOCS, Ø 7.6 cm x 244 cm	6 socs/box	45 litres
AW124	SOCS, Ø 7.6 cm x 366 cm	4 socs/box	45 litres

MS40... Our most absorbent soc for oil and water based liquids!

- Filled with a mixture of polypropylene, cellulose and a highly absorbent additive.
- Now available in 2 different lengths so that you always have the right size for your application.
- Special additive locks in water based liquids in order to avoid leakage.
- Flexible design allows the soc to fit around any machine, corner or curve.
- Undoubtedly offers the best overall value and absorbency.

Note: Not recommended for use with aggressive fluids.

Special additive locks liquid inside the soc to avoid leakage and maximize performance.

MS40 soc right out the box.

MS40 soc after saturation.

Order Ref.	Description	Packaging	Absorption Capacity
MS40	SOCS, Ø 7.6 cm x 122 cm	40 socs/box	174 litres
MS40-8	SOCS, Ø 7.6 cm x 244 cm	15 socs/box	130 litres

Allwik Pillows... Adsorb spills and leaking fluids in tight spaces and under persistent drip sources.

Ideal under machines or in tight spaces.

- Adsorb a variety of liquids including water, coolants, solvents, oils, antifreeze, etc
- 2 different sizes to fit any application.

Order Ref.	Description	Packaging	Adsorption Capacity
AW1818	PILLOWS, 43 cm x 48 cm	16 pillows/box	105 litres
AW1818-2	PILLOWS, 43 cm x 48 cm	8 pillows/box	53 litres
AW99	PILLOWS, 25 cm x 25 cm	32 pillows/box	58 litres

Allwik Drum Top Covers... Keep your drum tops neat & clean.

- Adsorb a wide range of industrial liquids like water, coolants, solvents, oils, antifreeze, etc
- Create a clean and safe work floor by preventing pump drips from reaching the floor.
- Pre-cut for perfect fit on 205 litre drums.

No more pump drips sliding down the side of the drum and onto the floor.

Pre-cut holes for easy fit.

Order Ref.	Description	Packaging	Adsorption Capacity
DTA25	DRUM TOP COVERS, Ø 56 cm	25 covers/box	26 litres

Comfort Spill Mat... The adsorbing anti-fatigue mat!

The new Comfort Spill Mats from SPC are a combination of an adsorbent matting fitting inside an anti-fatigue mat.

- Design provides buoyancy for basic fatigue relief.
- Silicone free allowing it to be used in vehicle painting facilities.
- High quality nitrile rubber makes the mat oil resistant.
- Rough surface allows sorbent to “grip” anti-fatigue mat.
- Allows you to keep workers safe while protecting the floor from oils and other industrial liquids.
- Available in an “Oil Only” version as well as a “Maintenance” version for use with general industrial liquids.

Order Ref.	Description	Adsorption Capacity
SA-AFO	OIL ONLY KIT consisting of one (1) adsorbent roll (76 cm x 46 m, perforated every 76 cm) and one (1) anti-fatigue base mat (82 cm x 152 cm)	187 litres
SA-AFA	MAINTENANCE KIT consisting of one (1) adsorbent roll (76 cm x 46 m, perforated every 76 cm) and one (1) anti-fatigue base mat (82 cm x 152 cm)	187 litres
OP32-P-E	OIL ONLY ROLL, 76 cm x 46 m, perforated every 76 cm along length. To be used as refill for SA-AFO	187 litres
MRO32-P-B-E	MAINTENANCE ROLL, 76 cm x 46 m, perforated every 76 cm along length. To be used as a refill for SA-AFA	187 litres

BATTLEMAT... Camouflage patterned rolls.

Tough cover layer hides leaks and drips for longer use, offers sure footing and is ideal for areas with moderate foot traffic.

- Adsorbs spills & leaks of any liquid: oils, coolants, water, solvents, ...
- Camouflage pattern hides dirt and reduces premature replacement.
- Durable abrasion resistant top layer stands up to moderate foot traffic.
- Ideal for use in walkways, production & machine areas, under assembly lines, etc
- Perforations available for flexibility: easy to tear off the desired length, minimizes waste.

Order Ref.	Description	Packaging	Adsorption Capacity
BM15-E	ROLL, 38 cm x 46 m Heavy weight, double perforated & bonded	1 roll/dispenser box	99 litres
BM30-E	ROLL, 76 cm x 46 m Heavy weight, double perforated & bonded	1 roll/box	197 litres
BM30X-E	ROLL, 76 cm x 46 m Heavy weight, bonded	1 roll/box	197 litres

HT... The multi-use maintenance product : use it as a pad, a wipe, a roll, a pillow or a soc !

5 in 1

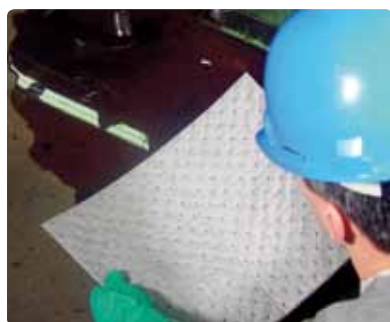

As a WIPE

As a PILLOW

- Adsorbs a variety of liquids: water, oils, coolants, solvents, ...
- Convenient dispenser box for easy access to the product.
- Multiple perforations - always the right size in order to minimize waste.
- Multi-ply construction for durability, good adsorption and low lint on one side.

As a PAD

As a ROLL

As a SOC

INDUSTRIAL RUGS & MATS

Order Ref.	Description	Packaging	Adsorption Capacity
HT555-E	ROLL, 38 cm x 46 m Heavy weight, bonded & multiple perforations	1 roll/dispenser box	89 litres
HT777-E	ROLL, 76 cm x 46 m Heavy weight, bonded & multiple perforations	1 roll/box	177 litres

BSM... Non-slip & impermeable mats. Perfect for high traffic areas and walkways that need to be dry, clean and slip-free.

BSM creates a dry and slip free workplace.

- Non-slip, impermeable barrier film sticks the mat to the floor and prevents liquids from leaking through. For best results, clean the floor before use.
- Backing resists curling and buckling.
- Needle-punched polypropylene fibres make product tear resistant, ideal for use in high traffic areas.
- Adsorbs oil, water and non-aggressive chemicals.
- Prevents unsightly tracking between areas.

Order Ref.	Description	Packaging	Adsorption Capacity
BSM3650	MAT, 91 cm x 15.25 m Medium weight, barrier backing	1 roll/box	46 litres
BSM100	MAT, 91 cm x 30.48 m Medium weight, barrier backing	1 roll/bale	95 litres

SIR... Rolls designed for high traffic areas and workstations where there's a need for clean and safe work floors and walkways.

- Needle-punched polypropylene makes product tear resistant. Forklifts can drive over it without damaging it.
- Adsorbs all liquids including aggressive chemicals.
- Grey colour masks stains and promotes longer use.
- Prevents liquid from being tracked from one area to another.

So tough forklifts can drive over it !

Order Ref.	Description	Packaging	Adsorption Capacity
SIR36	RUG, 91 cm x 91.5 m Medium weight	1 roll/bale	223 litres
SIR72	RUG, 182 cm x 45.75 m Medium weight	1 roll/bale	223 litres

UN Pads & Rolls... **For use when chemicals and hazardous liquids are involved!**

- Adsorb a wide range of chemicals, including acids and caustics.
- One sided spunbond gives extra strength as well as lower lint.
- Chemically inert: product does not degrade or cause a dangerous chemical reaction with the adsorbed liquid.
- Green colour alerts workers that product is being used for hazardous liquids.
- Green colour also allows the user to identify and separate hazardous waste for disposal, resulting in lower disposal costs.
- Perforated for flexibility – tear at the perforations for smaller sized pads to use only what you need.

Perfect to clean up chemical spills...

... or for use in laboratories.

PADS

Order Ref.	Description	Packaging	Adsorption Capacity
UN100-E	PADS, 41 cm x 51 cm Medium weight, perforated & bonded	100 pads/box	88 litres
UN1212-E	PADS, 30 cm x 30 cm Medium weight, bonded	50 pads/bag, 4 bags/dispenser box	76 litres

ROLLS

Order Ref.	Description	Packaging	Adsorption Capacity
UN15-2DP-E	ROLL, 38 cm x 46 m Medium weight, double perforated & bonded	2 rolls/box	147 litres
UN15-DP-E	ROLL, 38 cm x 46 m Medium weight, double perforated & bonded	1 roll/dispenser box	73 litres
UN15-DPS-E	ROLL, 38 cm x 22 m Medium weight, double perforated & bonded	1 roll/dispenser box	35 litres
UN30-DP-E	ROLL, 76 cm x 46 m Medium weight, double perforated & bonded	1 roll/box	147 litres

UN Booms... The best way to adsorb and contain large spills of chemicals and hazardous liquids.

- Adsorb chemicals, acids & bases as well as oils and water-based liquids.
- Metal clips & rings allow for easy linking of booms.
- Inner rope secured with four clips provides strength.
- Strong outer sleeve for durability.
- Inner sleeve keeps the adsorbent material intact within the boom.

Order Ref.	Description	Packaging	Adsorption Capacity
UN810	BOOMS, Ø 20 cm x 3 m	4 booms/bale	263 litres
UN510	BOOMS, Ø 13 cm x 3 m	4 booms/bale	118 litres

Hazwik Socs... Confine & prevent hazardous spills from spreading.

- Adsorb chemicals, acids & bases.
- Different lengths in order to always have the right size for your application.
- Flexible design is easily moulded around machines and spills.

Fast containment of chemical spills.

Order Ref.	Description	Packaging	Adsorption Capacity
HAZ412	SOCS, Ø 7.6 cm x 122 cm	12 socs/box	45 liters
HAZ806	SOCS, Ø 7.6 cm x 244 cm	6 socs/box	48 liters
HAZ124	SOCS, Ø 7.6 cm x 366 cm	4 socs/box	45 liters

Hazwik Pillows... For adsorbing spills & leaking liquids in tight spaces.

- Adsorb chemicals, acids & bases.
- Good for large spills once contained.
- Ideal for use in packaging for extra protection during transport.
- 2 different sizes to fit any application.

Protection of fragile liquids during transport.

Order Ref.	Description	Packaging	Adsorption Capacity
HAZ1818	PILLOWS, 43 cm x 48 cm	16 pillows/box	105 litres
HAZ1818-2	PILLOWS, 43 cm x 48 cm	8 pillows/box	53 litres
HAZ99	PILLOWS, 25 cm x 25 cm	32 pillows/box	58 litres

Spill Kits... A range of emergency response kits to handle any type of spill.

Accidents do happen, so it's better to be prepared. SPC offers a complete selection of spill kits in a variety of types and sizes. Each kit is available in three types:

- **Oil Only:** For oil and petroleum based liquids.
- **Maintenance:** For oil, water based and chemical liquids.
- **Chemical:** For aggressive and hazardous liquids.

ADR Spill Kits... An economical way to keep you in compliance.

The European ADR 2005 agreement stipulates that carriers of dangerous goods are obliged to, among other things: "Provide their trucks with all the necessary safety equipment like extinguishers, warning signs, first aid equipment and a spill kit."

With this in mind, SPC developed the ADR spill kit. Thanks to its compact design, the ADR spill kit requires a minimum of storage space yet it contains all the sorbents needed to handle a small spill: socs to contain the spill - pads and pillows for the clean up.

- **Economical** - The best value for your money.
High adsorbency at a low cost.
- **Compact:** Easy to put in smaller storage areas, behind or under the seat of a truck.
- **Durable see-through bag** makes it easy to check the spill response supplies.
- **Quick & easy access** to the sorbents ensuring a fast response thanks to the zipper which opens up the entire front of the bag.
- **Easy to carry** with handy shoulder strap.
- **Hassle free:** Complete with gloves, disposal bags and sorbents - everything you need!

Order Ref.	Contents	Adsorption Capacity
Oil Only: SKO-ADR-S Maintenance: SKA-ADR-S Chemical: SKH-ADR-S	Small Kit 25 pads, 41 cm x 51 cm 4 socs, Ø 7.6 cm x 122 cm 1 disposal bag 1 pair of gloves 1 instruction sheet	43 litres 43 litres 37 litres

Portable Spill Kits... For fast response to small spills.

Economy Spill Kit

- Yellow PVC bag with handles for high visibility.
- Compact size: Easy to put in small storage area, behind or under the seat of a truck.
- Ideal for carriers who occasionally transport small quantities of liquids.
- Water-resistant, lightweight bag keeps sorbents dry.

Order Ref.	Contents	Adsorption Capacity
Oil Only: SKO-PP	10 pads, 41 cm x 51 cm	18 litres
Maintenance: SKA-PP	2 socs, Ø 7.6 cm x 122 cm	18 litres
Chemical: SKH-PP	1 pair of gloves 1 disposal bag	16 litres

Attack Pac

- Single use kit: Ideal for small spills.
- UV resistant foil bag protects sorbents against moisture and dirt.

Order Ref.	Contents	Packaging	Adsorption Capacity
Oil Only: SKO-ATK	15 pads, 41 cm x 51 cm	4 kits/box	104 litres
Maintenance: SKA-ATK	3 socs, Ø 7.6 cm x 100 cm	4 kits/box	104 litres
Chemical: SKH-ATK	1 pair of gloves 1 pair of goggles 1 disposal bag	4 kits/box	97 litres

Drum Spill Kits... For medium and large spills. Protect your sorbents against moisture, dirt & damage.

Lab Pack

- Ideal for medium sized spills.
- Water and chemical resistant drum protects sorbents.
- Easy access to products thanks to screw top lid.
- Drum can be used as shipping container for used sorbents.

Order Ref.	Contents	Adsorption Capacity
Oil Only: SKO-20 Maintenance: SKA-20 Chemical: SKH-20	12 pads, 41 cm x 51 cm 3 socs, Ø 7.6 cm x 366 cm 2 pillows, 43 cm x 48 cm 1 pair of gloves 1 pair of goggles 3 disposal bags	59 litres 59 litres 57 litres

200 Litre Drum

- Ideal for medium to large spills.
- Water and chemical resistant drum protects sorbents.
- Lever-lock lid for fast response.
- Drum can be used as shipping container for used sorbents.

Oil Only: SKO-55 Maintenance: SKA-55 Chemical: SKH-55	50 pads, 41 cm x 51 cm 8 pillows, 43 cm x 48 cm 4 socs, Ø 7.6 cm x 366 cm 1 pair of gloves 1 pair of goggles 5 disposal bags	152 litres 152 litres 142 litres

360 Litre Overpack Drum

- Ideal for larger spills.
- Water and chemical resistant drum protects sorbents.
- Moulded design allows for easy gripping and pick up by a forklift or trolley.

Order Ref.	Contents	Adsorption Capacity
Oil Only: SKO-95 Maintenance: SKA-95 Chemical: SKH-95	100 pads, 41 cm x 51 cm 8 pillows, 43 cm x 48 cm 12 socs, Ø 7.6 cm x 122 cm 8 socs, Ø 7.6 cm x 366 cm 50 wipes, 30 cm x 38 cm 1 pair of gloves 1 pair of goggles 10 disposal bags	268 litres 264 litres 279 litres

Mobile Spill Kits... For fast spill response anywhere in the plant.

Spill Kaddie

- Recommended for medium sized spills and maintenance jobs.
- Double doors provide easy access to products.
- Interior shelves and compartments keep sorbents organised.
- Cart protects sorbents against dirt, moisture and damage.
- Fits easily through narrow aisles and doorways.
- Wheels allow excellent mobility both indoors and outdoors.

Order Ref.	Contents	Adsorption Capacity
Oil Only: SKO-CART	1 double perfed roll, 38 cm x 22 m	69 litres
Maintenance: SKA-CART	2 socs, Ø 7.6 cm x 122 cm

	30 disposal bags	

SPC Sorbent Centre... **The first modular and mobile storage cabinet designed specifically for sorbents!**

- Made from strong, durable and chemically resistant polyethylene for longer life!
- Double use: Use it as a spill kit or as a sorbent storage & dispensing station.
- Modular design: Stack 2 or 3 units together in order to make a cabinet.
- Dual access doors: Allows easy and quick access to the product.
- Add wheels and its mobile!
- Or buy the Sorbent Centre cabinet by itself and fill it with your choice of sorbents!

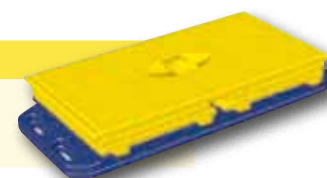

Sorbent Centre (complete with sorbents and Accessory Pack - unassembled)

OPA Kits... Help you comply with the OPA90 regulations.

What is OPA? The Oil Pollution Act (OPA) was signed into law in 1990 (USA) in response to one of the worlds largest oil spills, the sinking of the oil tanker Exxon Valdez in Alaska. Regulations were set for oil tankers, vessels, oil tanker owners and operators improving their ability to prevent and respond to oil spills. SPC has developed several kits in order to help you comply with the OPA90 regulations. All of our kits presented here are compliant with the OPA90 regulations.

7 Barrel (1100 litres) OPA90 Kit Compliant

Order Ref.	Contents	Adsorption Capacity
SL-7 BARR-C	750 pads, 41 cm x 51 cm 12 SOCs, Ø 7.6 cm x 122 cm 8 pillows, 43 cm x 48 cm 12 booms, Ø 13 cm x 3 m 1 sweep, 48 cm x 30.5 m 2 pair of goggles 5 disposable jump suits 5 pair of gloves 2 non-spark scoops 10 yellow disposal bags 1 non-sparking pump 2 x 20 litre buckets 2 anti-static shovels	1381 litres

12 Barrel (1900 litres) OPA90 Kit Compliant

Order Ref.	Contents	Adsorption Capacity
SL-12 BARR-C	950 pads, 41 cm x 51 cm 48 SOCs, Ø 7.6 cm x 122 cm 8 pillows, 43 cm x 48 cm 20 booms, Ø 13 cm x 3 m 4 sweeps, 48 cm x 30.5 m 2 pair of goggles 5 disposable jump suits 5 pair of gloves 2 non-spark scoops 10 yellow disposal bags 1 non-sparking pump 2 x 20 litre buckets 2 anti-static shovels	2251 litres

SPC Spill Bins

These large and extra large bins are ideal for creating your own custom emergency response kits. Large enough to hold plenty of sorbents as well as any tools or minor equipment, these bins will help you be prepared for just about any spill within your facility.

Order Ref.	Description	External Dimensions	Weight
SC-LBIN	LARGE BIN	126 x 85 x 91 cm	27 kg
SC-XLBIN	EXTRA-LARGE BIN	147 x 100 x 104 cm	32.5 kg

SKH-MINI... A fully disposable spill kit to clean up small chemical spills quickly, easily and without risk of injuries.

- Highly visible green colour.
- The autoclavable disposal bag is heat resistant up to 145°C and therefore guarantees a safe disposal of laboratory waste.
- Adsorbs chemicals, dangerous liquids, water & oil based fluids.
- Suited for spills up to 1.7 litres.
- The specially designed disposable brush is intended to sweep up any broken glass or debris allowing a safe clean up without risk of injuries.
- Thanks to the compact design, the SKH-MINI can easily be placed in areas where spills are most likely to happen.
- Protective gloves are powder free, have roughened fingertips, increased tear resistance and a good chemical resistance for more safety.

Order Ref.	Contents	Packaging	Adsorption Capacity
SKH-MINI	2 pads 41 cm x 51 cm 1 pair of disposable chemical protective gloves 1 autoclavable disposal bag 1 disposable brush 1 multilingual instruction guide	4 kits/box	1.7 litre/kit

Re-Form™ Spill Kits... Eco-friendly emergency response kits that offer superior absorbency at lower cost!

- Unique construction of Re-Form™ offers 24% more absorbency.
- 5% savings compared to equivalent meltblown spill kits.
- Re-Form™ Spill Kits work great with any kind of liquid (oil, water, coolants, lubricants, etc) except for highly aggressive acids and caustics.
- Eco-friendly. The Re-Form™ pads and socks are manufactured from a minimum of 70% recycled newsprint and raw cellulose material.

Order Ref.	Description	Absorption Capacity
SKR-PP	Re-Form Universal Economy Spill Kit	23 litres
SKR-ATK	Re-Form Universal Attack Pac, 4 kits/box	136 litres/box
SKR-ADR-S	Re-Form Universal ADR Spill Kit Small	53 litres
SKR-ADR-L	Re-Form Universal ADR Spill Kit Large	78 litres
SKR-20	Re-Form Universal Lab Pack	65 litres
SKR-55	Re-Form Universal 55 Litre Drum	173 litres
SKR-95	Re-Form Universal 95 Litre Overpack Drum	342 litres

SPC Spill Box... Pads in a convenient dispenser box allowing you to create multiple spill stations around your site!

Use nearby your liquid storage area.

- Reusable plastic box can be refilled once all the sorbents have been used.
- The Spill Box is light enough to be hung to laboratory and storage area walls or to be attached to a forklift.
- The bright yellow colour stands out for quick identification and use.
- Various application areas: in liquid storage areas, behind the seat of a truck, lab environments, in workstations that deal with liquids.

SXT200-E	PADS Oil Only, 41 cm x 51 cm	200 pads/box	136 litres
UXT200-E	PADS Maintenance, 41 cm x 51 cm	200 pads/box	136 litres
UN100-E	PADS Chemical, 41 cm x 51 cm	100 pads/box	88 litres

SPC Spill Signs... Specially designed for use during spill situations.

The SPC Spill Signs come in two different versions - a heavy duty version and an economical version. They are ideal to use when you have a spill and wish to ensure that no additional accidents take place during the clean up of the spill.

HD Floor Stand

- Message is visible from up to 9 metres away.
- Manufactured from Heavy Duty Polyester.
- Maintenance friendly - no risk for rust.
- Yellow background colour for greater visibility.
- Unique background pictogram for use in a spill situation.

Economy Floor Stand

- Made from a lightweight polypropylene material.
- Warning text in 8 languages. (NL-FR-DE-EN-ES-IT-SE-NO)
- Yellow background colour for higher visibility.
- Unique background pictogram for use in a spill situation.

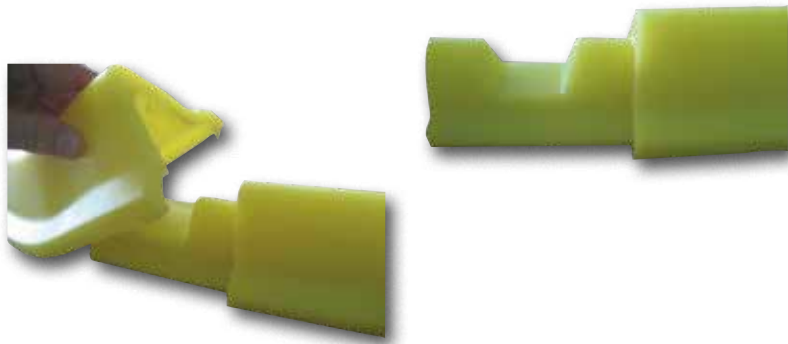

Order Ref.	Description	Packaging
SA-SGN-HD	Heavy Duty Floor Stand 66 cm in height	1 sign/pack
SA-SGN-EC	Economy Floor Stand 30 cm (W) x 50 cm (H)	1 sign/pack

SPC Spill Barrier... Designed to contain or divert spills easily and quickly!

Keeps spills from entering drains.

- Easy to connect multiple barriers. No additional connectors needed.
- Ideal as a barrier in doorways during washdown operations, as a dam to control or contain spilled liquids or as a diverter to direct liquids away from valuable equipment or vulnerable areas.
- Yellow colour for high visibility.
- Chemical resistant: polyurethane resists water, oil and many chemicals.
- Re-usable after cleaning with soap and water.
- Works best on smooth surfaces.

Order Ref.	Description	Packaging
SB-3	SPILL BARRIER, 3 m (L) x 10.5 cm (W) x 5.5 cm (H)	1/box
BAG-PVC24	TRANSPORT BAG for 1 x SB-3, Ø 20 cm x 80 cm	

Sentry Make-A-Berm... The ideal way to contain leak prone equipment and/or protect busy walkways.

- Pliable construction (foam filled) - will spring back into shape, even if you drive over it with a forklift.
- User-friendly: Make a barrier any size or shape you want.
- Durable vinyl material resists oils, coolants and most chemicals.
- Easy to install.
- Yellow colour for high visibility.
- Cost savings: No need to build expensive cement curbs or to install metal barriers.

Order Ref.	Description
SB-MAB-KIT	MAKE-A-BERM, Kit incl. 2 x 7.6 m wall sections, 4 corners, 1 roll of strapping and 6 tubes of silicone caulk
SB-MAB-WALL	MAKE-A-BERM, One section of 4.5 m
SB-MAB-COR	MAKE-A-BERM, Set of 2 corners

Neoprene Slikstopper... A basic, economical drain seal to prevent liquids from entering drains.

- Simple to use.
- Generally resistant to non aggressive chemicals and acids, ozone, oils, fats, greases and solvents.
- Unique size : 92 cm x 92 cm
- Unique colour : black
- Thickness : 3 mm

Order Ref.	Description	Packaging
NPR36	SLIKSTOPPER, 92 cm x 92 cm	1/box

PVC Slikstopper... A heavy duty drain seal that seals off drains and keeps spills out!

- Yellow colour for high visibility.
- Chemical resistant: flexible PVC resists water, oil and many chemicals.
- Re-usable after cleaning with soap and water.
- Works best on smooth surfaces.

Order Ref.	Description	Packaging
PVC18	SLIKSTOPPER, 46 cm x 46 cm	1/box
PVC24	SLIKSTOPPER, 61 cm x 61 cm	1/box
PVC36	SLIKSTOPPER, 92 cm x 92 cm	1/box
PVC42	SLIKSTOPPER, 107 cm x 107 cm	1/box

Handy bag allows you to carry the Slikstopper right to the spill.

Order Ref.	Description
BAG-PVC18	BAG for 1 x PVC18, Ø 20 cm x 60 cm
BAG-PVC24	BAG for 1 x PVC24, Ø 20 cm x 80 cm
BAG-PVC36	BAG for 1 x PVC36, Ø 25 cm x 110 cm
BAG-PVC42	BAG for 1 x PVC42, Ø 25 cm x 130 cm

(This item is sold per piece)

Re-Form™... **Eco-Friendly Sorbent Products.**

More and more companies are looking for “green” sorbents that save the environment without compromising quality and performance. In response to the increasing demand SPC introduced Re-Form™, a line of environmentally friendly sorbents made from a minimum of 70% recycled newsprint, cellulose or cotton. Re-Form™ sorbents offer high absorbency, strength, durability and help to reduce the company’s impact on the environment.

- **Green** – Made from natural ingredients - a renewable resource.
- **More absorbent** – 25-50% more absorbent than meltblown polypropylene sorbents.
- **Cost effective** – More absorbency for the same price. Use less to absorb more - reduce waste.
- **Safe** – Fire Retardant (universal version) - Meets ASTM E84-05 standard.
- **Stable prices** - Not dependent upon oil prices.

Available **Re-Form™** product ranges :

- **Re-Form™** - Universal pads with netted construction
- **Re-Form™ Plus** - Universal pads & rolls with one sided spunbond coverstock
- **Re-Form™ XPlus** - Universal pads & rolls with a double sided spunbond coverstock
- **Re-Form™ Oil Only** - Oil absorbing pads & rolls

Re-Form™... **Basic universal pads and socs to clean up spills and leaks.**

- Made from 80% recycled newsprint and other cellulose material.
- Universal product great for water, oil and non aggressive chemicals.
- Higher absorbency means less product is needed for the clean up.
- Suited for catching drips and emergency spill clean up.
- Meets ASTM E84-05 fire retardancy standard.

Order Ref.	Description	Packaging	Absorption Capacity
RF100	PADS, Re-Form, 38 cm x 48 cm, heavy weight	100 pads/box	151 litres
RF300	PADS, Re-Form, 38 cm x 48 cm, medium weight	100 pads/box	121 litres
RF500	PADS, Re-Form, 38 cm x 48 cm, light weight	100 pads/box	90 litres
MS-50	SOCS, Re-Form Multiwik, Ø 7.6 cm x 1.2 m	40 socs/box	151 litres
MS-412	SOCS, Re-Form Multiwik, Ø 7.6 cm x 1.2 m	12 socs/box	45 litres
MS-806	SOCS, Re-Form Multiwik, Ø 7.6 cm x 2.4 m	6 socs/box	45 litres
MS-124	SOCS, Re-Form Multiwik, Ø 7.6 cm x 3.6 m	4 socs/box	45 litres

Re-Form™ Plus... **Eco-friendly pads and rolls with one sided coverstock for general clean up and wiping applications.**

- Made from 80% recycled newsprint and other cellulose material.
- Absorbs and retains oils, coolants, solvents. Not for use with highly aggressive acids and caustics.
- One sided spunbond coverstock adds durability and makes the product ideal for general maintenance and wiping applications.
- Outstanding absorbency (up to 20 times its weight).
- Use less to adsorb more - reduces waste and lowers clean up costs.
- Designed with easy tear perforations to help reduce waste.
- Meets ASTM E84-05 fire retardancy standard.

Order Ref.	Description	Packaging	Absorption Capacity
RFP100	PADS, Re-Form Plus, 38 cm x 48 cm Heavy weight, perforated	100 pads/box	151 litres
RFP300	PADS, Re-Form Plus, 38 cm x 48 cm Medium weight, perforated	100 pads/box	121 litres
RFP500	PADS, Re-Form Plus, 38 cm x 48 cm Light weight, perforated	100 pads/box	90 litres
RFP28-DP	ROLL, Re-Form Plus, 72 cm x 46 m Heavy weight, double perforated	1 roll/box	235 litres
RFP14P	ROLL, Re-Form Plus, 36 cm x 46 m Heavy weight, perforated	1 roll/box	114 litres
RFP328-DP	ROLL, Re-Form Plus, 72 cm x 46 m Medium weight, double perforated	1 roll/box	204 litres
RFP314P	ROLL, Re-Form Plus, 36 cm x 46 m Medium weight, perforated	1 roll/box	110 litres

Re-Form™ XPlus... Dual sided eco-friendly sorbents providing extra strength and absorbency.

- Made from 80% recycled newsprint and raw cellulose.
- Absorbs all types of industrial liquids (water, oils, solvents, coolants, etc) except aggressive acids and caustics.
 - Built with a tough, abrasion resistant coverstock on both sides, this construction increases the durability and strength of the product by 20%.
 - Ideal sorbent for wiping applications, handling light foot traffic, and as a general maintenance sorbent for indoor use.
 - Higher absorbency means fewer sorbents per spill.
 - Perforated to minimize waste - use only what you need.
 - Meets ASTM E84-05 fire retardancy standard.

Order Ref.	Description	Packaging	Absorption Capacity
RFDP300	PADS, Re-Form XPlus, 38 cm x 48 cm Medium weight, perforated, 2-sided coverstock	100 pads/box	121 litres
RFDP314P	ROLL, Re-Form XPlus, 36 cm x 46 m Medium weight, perforated, 2-sided coverstock	1 roll/box	104 litres
RFDP328DP	ROLL, Re-Form XPlus, 72 cm x 46 m Medium weight, perforated, 2-sided coverstock	1 roll/box	208 litres

Re-Form™ Oil Only... Environmentally-friendly sorbents with superior absorbency made from 80% cotton.

- Made from 80% cotton – a renewable resource.
- Absorbs oil, grease, transmission fluid and oil based paints and solvents.
- They repel water and float, making them ideal for marine spills and outdoor industrial applications.
- Spunbond coverstock adds durability and makes the product ideal for general maintenance and wiping applications.
- Perforated allowing the customer to use only what he needs - minimizing waste and reducing disposal costs.
- Can absorb up to 30 times their weight in liquid. This means less product is needed to clean up the spill resulting in lower clean-up costs.

Note: Re-Form™ Oil Only sorbents are not fire retardant.

Order Ref.	Description	Packaging	Absorption Capacity
RFODP100	PADS, Re-Form Oil Only, 38 cm x 48 cm Heavy weight, perforated, 2-sided coverstock	100 pads/box	148 litres
RFOP14P	ROLL, Re-Form Oil Only, 36 cm x 46 m Heavy weight, perforated, 1-sided coverstock	1 roll/box	141 litres
RFOP28DP	ROLL, Re-Form Oil Only, 72 cm x 46 m Heavy weight, double perforated, 1-sided coverstock	1 roll/box	282 litres

Biological Cleaning Products.

SPC is pleased to introduce a complete new range of environmentally friendly cleaners and oil stain removers. All products are made from natural ingredients. This range can be divided into two categories:

- Microbial oil stain removers.
- Water based degreasers.

Typical for the oil stain removers are the specially selected bacteria that eat and digest the oil. These bacteria can digest both long and short hydrocarbon chains, making the product suitable for all types of oil, including heavy bunker fuels and diesel. In order to digest the hydrocarbons into harmless CO₂ and water, the bacteria need:

- oxygen.
- correct temperature (min. 1°C - max. 55°C). The warmer the better as the bacteria will become more active.
- correct moisture levels.

Order Ref.	Description	Packaging
SA-BIOSP-4x1	A selection of 1 litre trial bottles of OT8, OT8 FC, Bio TA & Road Bio	4 bottles/box

Microbial oil stain removers.

BIO TA... Biological oil stain remover for use on tarmacs and asphalt.

Oil stains on tarmac and asphalt roads can quickly erode and break down surface structures. The solution is to degrade the oil stain using Bio TA.

Bio TA contains a blend of biological enzymes, bacteria and biodegradable surfactants. Bio TA will not erode or degrade tarmac or asphalt surfaces.

Before

After

Order Ref.	Description	Packaging
SA-BIOTA-12x1	12 x 1 litre containers of Bio TA	box
SA-BIOTA-4x5	4 x 5 litre containers of Bio TA	box

BIO TUBES... For use in oily water separators.

A new approach that will reduce oil discharges in industrial separators by up to 95%. Each Bio Tube contains a blend of oil digesting bacteria and will digest 2 kg of oil per week. Simply place one Bio Tube in the second chamber and two in the third chamber of the oil/water separator and replace every 6 to 8 months. Bio Tubes are suited for use in industrial separators, bunds and oily water run offs.

Order Ref.	Description	Packaging
SA-BIOTU-3	Package of 3 Bio Tubes	bag
SA-BIOTU-6	Package of 6 Bio Tubes	bag

Microbial oil stain removers.

OT8... Biological oil stain remover for use on hard surfaces.

OT8 contains a blend of biological enzymes and bacteria. It's simple to use and lifts oil stains from the most porous surfaces. OT8 can be used on industrial floors, driveways, in petrol stations, etc...
OT8 is NOT suitable for oil stains on tarmac or asphalt.

Order Ref.	Description	Packaging
SA-OT8-12x1	12 x 1 litre containers of OT8	box
SA-OT8-4x5	4 x 5 litre containers of OT8	box
SA-OT8-20	20 litre container of OT8	container

OT8 FC... Biological factory floor degreaser.

The composition of the OT8 FC is similar to the OT8 but with less bacteria. The product rapidly destabilises oil emulsions, enabling contaminated floors and surfaces to be rinsed clean. OT8 FC is ideal to clean oil contaminated workshop floors.

Order Ref.	Description	Packaging
SA-OT8 FC-4x5	4 x 5 litre containers of OT8 FC	box
SA-OT8 FC-20	20 litre container of OT8 FC	container

Water based degreasers.

ROAD BIO... Cleans diesel, oil, grease and paint from road surfaces.

Road Bio is an oil spill detergent that removes hydrocarbon, greases and liquid paint spills from road surfaces. Containing a blend of biodegradable surfactants Road Bio cleans spills on roads without causing an emulsion nor contributing to surface erosion. Road Bio can also be used in hot water.

Order Ref.	Description	Packaging
SA-ROBIO-4x5	4 x 5 litre containers of Road Bio	box
SA-ROBIO-20	20 litre container of Road Bio	container

Spill Decks... A cost effective means for containing potentially hazardous leaks in drum storage and dispensing areas.

With their 80-litre capacity, these low profile, 2-drum spill decks are a cost effective means for containing potentially hazardous leaks in your drum storage and dispensing areas.

Each modular deck has built-in clips to easily and safely connect multiple decks to create a customised drum storage platform.

- Sump Drain Kit allows you to connect multiple spill decks in order to increase the overall sump capacity.

- Nestable decks minimize stock space and reduce your transportation costs.

- Built-in clips allow you to easily and safely connect multiple decks to create a customised drum storage platform.

- Grate pins prevent bulging walls and premature replacement of the unit.

- These decks have been engineered to make sure you can easily use your forklift to re-locate your decks.

Order Ref.	Description	External dimensions	Sump Capacity	Load Capacity
SC-SD2	SPILL DECK, 2-drum	132 (L) x 66 (W) x 15 (H) cm	80 litres	1136 kg
SC-DK	SUMP DRAIN KIT - Install the optional sump kit to share capacity across multiple decks.			

Spill Pallets... Ideal platforms for indoor storage of 110 and 200 litre drums or other containers.

Whether you are looking to comply with governmental secondary containment regulations or just want the security of knowing your facility is protected, SPC spill pallets offer ample capacity (even if an entire drum empties into the unit).

Available in both a 2-drum and 4-drum configuration, the spill pallets offer up to 510 litres of containment.

- Both 2-drum and 4-drum spill pallets are the same height allowing easy transfer of drums from one pallet to the other.

- Optional ramp works with both the 2-drum and 4-drum spill pallets.

- These pallets have been engineered to make sure you can easily use your forklift or pallet jack to re-locate your pallets.

- Grates can be interchanged between the pallets and offer large openings to easily remove spills.

- Nestable pallets allow you to make better use of plant, warehouse or trailer space.

Order Ref.	Description	External dimensions	Sump Capacity	Load Capacity
SC-DP2	SPILL PALLET, 2-drum	132 (L) x 66 (W) x 43 (H) cm	260 litres	1136 kg
SC-DP4	SPILL PALLET, 4-drum	132 (L) x 132 (W) x 43 (H) cm	510 litres	2273 kg
SC-DPR	RAMP	180 (L) x 76 (W) x 55 (H) cm		295 kg

Make your own IBC containment unit by connecting multiple 4-drum spill pallets. A safe & secure solution that saves you money!

Thanks to the new sump drain kit also 4 drum spill pallets can be linked together - allowing you to create a containment unit with a sump capacity that is large enough to retain more volume than that of an IBC tank. For example : Connecting 3 x 4-drum spill pallets gives a total sump capacity of 1530 litres. You can therefore put up to 3 IBC units on the pallets and comply with the regulations which state that one has to be able to contain 110% of the largest container (1000 litres x 110% = 1100 litres) or 25% of the total volume (3 x 1000 litres x 25% = 750 litres).

Note: Contact your national authority regarding the legislation on secondary containment.

- Injection moulded pallets ensure durability and consistent specifications.
- Grate pins prevent bulging walls and premature replacement.
- Grates with large openings for easy leak detection and liquid/object removal.
- Forklift & pallet jack friendly for easy re-location of the pallets.
- Sump Drain Kit allows for an economical solution for IBC containment.

Order Ref.	Description	External dimensions	Sump Capacity	Load Capacity
SC-DP4	SPILL PALLET, 4-drum	132 (L) x 132 (W) x 43 (H) cm	510 litres	2273 kg
SC-DK	SUMP DRAIN KIT - Install the sump kit to share capacity across multiple pallets.			

Sentry QuickBerm OS... A portable containment system with drive-in use that protects against leaks and spills.

- One piece design for a fast set up. It's ready to use and deploys in seconds - no assembly, inflation nor tools required.
- Heavy duty aluminum straps can collapse and lay flat as a truck or forklift pulls into the berm, and then be re-deployed.
- Made of lightweight vinyl for easy transporting and greater durability.
- Exterior straps facilitate the cleaning and decontamination of the sump area.
- Compact design requires a minimum of storage space.
- Resistant to fuels and chemicals.
- Meets or exceeds secondary containment regulations for most industrial and military applications.

Order Ref.	Description	Sump Capacity
SB-SQ3	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3 m x 3 m x 30.5 cm	2745 litres
SB-SQ8	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3 m x 7.9 m x 30.5 cm	7228 litres
SB-SQ11	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3.6 m x 10.9 m x 30.5 cm	11968 litres
SB-SQ15	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 3.6 m x 15.2 m x 30.5 cm	16690 litres
SB-SQ16	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 4.2 m x 16.4 m x 30.5 cm	21008 litres
SB-SQ20	SPILL BERM, Sentry QuickBerm OS, XR-5 vinyl 4.8 m x 20.1 m x 30.5 cm	29426 litres

Sentry Lite... Cost-effective solution for containing spills.

- Ideal for transformer storage, saddle tank ruptures or equipment/ personnel decontamination.
- Made of lightweight vinyl – can easily be deployed and handled by 1 person.
- Compact design requires a minimum of storage space. The ideal solution for emergency response vehicles, trucks and maintenance shops.
- Re-usable for cost savings.

Order Ref.	Description	Sump Capacity
SB-SL44	SPILL BERM, Sentry Lite, 510 g vinyl 1.2 m x 1.2 m x 20 cm	288 litres
SB-SL46	SPILL BERM, Sentry Lite, 510 g vinyl 1.2 m x 1.8 m x 20 cm	432 litres
SB-SL48	SPILL BERM, Sentry Lite, 510 g vinyl 1.2 m x 2.4 m x 20 cm	576 litres
